

## Emissions Message 4

### Emissions Notes:

This replacement part is designed to meet or exceed Federal emissions requirements set forth by the EPA, complying with legal standards for OBDII Federally registered vehicles with Federal/EPA Emission systems. This part is legal under the provisions of EPA's Tampering Policy dated November 23rd, 2020. The manufacturer has reasonable basis (test results) to verify that this product allows the vehicle to operate within legal emissions standards and is therefore ***legal to be sold for on-street use in 46 states.***

***This part is not legal to be sold or installed on vehicles in California, New York, Maine, or Colorado. These states require that aftermarket catalytic converters be granted an EO number from the California Air Resources Board (CARB) to be legally sold or installed on motor vehicles.***

Motor vehicle emissions standards are intended to help achieve and maintain air quality goals that benefit human health and the environment. The U.S. Environmental Protection Agency, the California Air Resources Board, Environment Canada, and other regulatory agencies prohibit the operation of vehicles on public roads that violate applicable emissions standards. The alteration of certified production vehicles to modify, remove, or render inoperable emissions control hardware or software, known as "tampering" is prohibited by the U.S. Clean Air Act and other laws. Tampering with motor vehicle emissions control systems is punishable by substantial monetary penalties.

JEGS Automotive, LLC is committed to performance parts that allow enthusiasts and racers to modify their vehicles and meet emission requirements. The information provided here is intended to provide general guidance of interest to most consumers. This guidance may not apply to all vehicles or all situations. ***It is up to each consumer to evaluate his or her own situation and take the steps necessary to comply with applicable laws.*** The websites listed below have more information about regulations and policies pertaining to motor vehicle emissions. You should also check the regulations applicable to your local area.
