Product Information

This amazing Race Sport Lighting LED Bed Rail Lighting System is exactly what you need to add lighting directly underneath your side rails to illuminate the bed of any truck. Whether your truck has a bed cover or not, this lighting system allows you to easily see the tools and items you need at night in your bed. This kit comes with a light pod strip of heavy duty light pods for both the left and right side of your truck bed. The super bright white pods will give you plenty of the visual lighting you need. Features: • Two strips of four pods each, utilizing six 3528 LEDs per pod for effective truck bed lighting and a competitive price • Hook mounts for mounting onto the rails of your truck bed • 1 Year Warranty
