## JEEP WRANGLER SURFACE MOUNT HALO INSTALL GUIDE

### MOUNTING THE HALOS:

1) Begin by loosening the headlight and then fishing the Halo wire into the engine bay

•NO BAKING  
•NO CUTTING  
•NO OVEN

### PREP YOUR HEADLIGHTS:

2) PREP YOUR HEADLIGHTS  
WITH AN ALCOHOL SWAB TO CLEAR OFF  
ANY DIRT OR DEBRIS ON YOUR LENSES

OPTIONAL: USE A 3M ADHESION PROMOTER  
AFTER APPLYING THE ALCOHOL SWAB

THIS HELPS BOND THE TAPE TO THE HEADLIGHTS

3) You can now remove the  
top paper layer  
from the back of the halo

Do not remove the 3M adhesive underneath the paper layer

4) Firmly mount the halo into place and press until  
a solid bond has formed between the Halo & the light

### WIRING TO YOUR JEEP

### ALMOST DONE!

Option #1 - Connect to the parking lights.  
This is great if you have white or amber halos that you want to turn on and off  
by using the factory headlight switch. Halos will stay on with the headlights.

Option #2- Wireless Controller.  
Visit [Oracledlights.com/collections/oracle-remotes-and-switches](http://Oracledlights.com/collections/oracle-remotes-and-switches) to see our selection  
of controllers.

Option #3- Toggle Switch.  
Visit [Oracledlights.com/pages/halo-wiring-faq](http://Oracledlights.com/pages/halo-wiring-faq) to see diagrams.

5) Connect your Halos to their LED drivers and then mount  
your drivers into a safe space with either  
double stick tape or zip-ties
