

# Valve Body Bore End Plugs

555-60964

1993-2015 4L60E, 4L65E, & 4L70E

# Introduction

We would like to take this opportunity to thank you for purchasing this JEGS 4L60E, 4L65E, & 4L70E Reprogramming Kit. We welcome any comments or feedback you might have. If you have any questions about this product or about the installation procedure, please feel free to contact us at 1.800.345.4545.

This kit is designed to address the following:

- Fall out, and lack of 4<sup>th</sup> gear
- TCC instability, or surging

# Installation

- Assemble O-ring into O-ring groove, shown below. Lube O-ring and bore and insert O-ring end into bore first. Re-use original retainers.
- Lubricate O-rings and valve bore for ease of installation.

Retainer O-Ring

Valve Body Bore End Plugs [3]

O-Rings [4 (1 Extra)]
