

# INSTALLATION INSTRUCTIONS

## Part Number E-2017

This filter fits: Please see current K&N catalog for complete listing

**\*FREE K&N DECAL To register your warranty, please see us online at [knfilters.com/register](http://knfilters.com/register). FREE K&N DECAL\***

Congratulations, you have purchased the finest air filter that money can buy. With proper care, this filter will last 1 million miles or more. This filter is a direct replacement for the stock air filter, and no modifications will be required. However the following procedure **MUST** be followed to ensure a proper fit and seal of the air filter.

- 1) Loosen the hose clamps on the main intake that connects the airbox to the engine.
- 2) Remove the bolts on the airbox lid.
- 3) Remove the airbox lid and pull out the stock filter.
- 4) With a damp cloth, wipe the airbox clean of any dust or debris.
- 5) Peel backing paper and apply self adhesive gasket to the airbox lid. (see figure below.)
- 6) Install the Pre-oiled K&N Filtercharger.
- 7) Tighten bolts on airbox lid.
- 8) Connect hose from engine to airbox lid.

**THESE INSTRUCTIONS MUST BE FOLLOWED EVERY TIME THE FILTER IS SERVICED, OTHERWISE THE FILTER MAY NOT SEAL, AND DAMAGE TO THE ENGINE COULD RESULT.**
