* FREE K&N® decal To register your warranty, please see us online at knfilters.com/register. FREE K&N® decal *

K&N® Cabin Air Filters replace your vehicle's stock cabin filter with a reusable design that cleans and freshens incoming air. They are electrostatically charged to grab and hold dust particles. K&N® cabin air filters help control odors while they help capture most mold, mildew, fungus, spores, bacteria and germs. When they get dirty they can be cleaned and reused and best of all, they come with a No-Hassle Lifetime Limited Warranty.

If you need any assistance please call 1-800-858-3333 to speak with a representative in our Customer Service Center before returning the product.

When applicable, refer to owner's manual for manufacturers installation/removal instructions. The following are helpful steps when replacing/servicing cabin air filter with K&N® cabin air filter.

1. Locate and remove the floor panel under the glove box. **(Fig. 1 & 2)**
2. Open the glove box and remove the upper panel above the glove box. **(Fig. 3 & 4)**
3. Remove the side panel on the right side of the glove box. **(Fig. 5)**
4. Remove the six screws that holds the glove box. **(Fig. 6)**
5. Remove the glove box and detach the connectors attached to the glove box. **(Fig. 7 & 8)**
6. Remove the cabin filter housing door by squeezing the tab on the right side of the cabin filter housing door. **(Fig. 9 & 10)**
7. Remove the dirty cabin air filter. **(Fig. 11)**
8. Install the K&N cabin air filter and tuck the strap inside then apply the housing door. **(Fig. 12)**
9. Reverse steps 1-10 to complete cabin filter installation. With the cabin filter installed, clean an area in the glove box and apply the K&N Stop Decal. The decal will help notify others that this is a re-usable cabin filter.
